Section 1. Introductory Information

1.1 Background information on the Regional School of Public Administration (ReSPA)

The Regional School of Public Administration (ReSPA) is an intergovernmental organization that enhances regional cooperation, promotes shared learning, and supports the development of public administration in the Western Balkans. ReSPA Members are Albania, Bosnia and Herzegovina, Montenegro, North Macedonia, and Serbia, while Kosovo* is a beneficiary. ReSPA aims to help regional governments develop better public administration, public services, and overall governance systems for their citizens and businesses and prepare them for membership in the European Union.

ReSPA establishes close cooperation with ministers, senior public servants, and unit heads in member countries. ReSPA also works in partnership with the European Union, precisely the Directorate General for Enlargement and Eastern Neighbourhood (DG ENEST), other regional actors such as OECD/SIGMA and the Regional Cooperation Council (RCC), as well as agencies and civil society organizations. Since its inception, ReSPA, as an international organization and a key regional endeavour in Public Administration Reform, has contributed to capacity-building and networking activities through on-demand support mechanisms, peering and the production of regional research materials.

The European Commission (EC) provides directly managed funds to support the ReSPA activities (research, training and networking programmes) in line with the EU accession process. Currently, ReSPA is implementing its sixth EC Grant Contract "Support to the Regional School of Public Administration for implementing PAR Agenda and facilitating EU accession process in the WBs", which is active as of 1 January 2026.

ReSPA works primarily through regional networks which operate at three levels: Ministerial, Senior Officials, and networks/working groups of experts and senior practitioners. There are five regional thematic groups: (1) Policy management, better regulation, and simplification, (2) European integration and accession negotiations; (3) Human Resources Management and Professional Development; (4) Service Delivery (digitalization and quality management); (5) Public Finance Management.
